FREEDOM OF INFORMATION REQUEST RECEIVED

RE: FOIL File # 24.480

Dear FOIL Submitter: Adiel Kaplan
Your FOIL request dated 11/11/2024 was received by the City Clerk, who is the FOIL Officer of the City of Niagara Falls, New York, on 11/12/2024 and is hereby acknowledged pursuant to the New York State Freedom of Information Law, Public Officers Law Article 6. Please also note that for tracking purposes, your request has been assigned a unique FOIL File number, which is provided above.

Typically, a FOIL request is either granted or denied within 20 *business days* of the issuance of this letter. However, if circumstances arise that prevent delivery of our response to you within 20 business days, you will be contacted with a new estimated response date. Examples of circumstances that may lead to extended response times include staff shortages, requests for a large volume of records, and requests that require significant document redaction and/or seek documents that are not maintained electronically.

In all cases, your access to records, in whole or part, will be determined in accordance with Article 89 section 5 of the Freedom of Information Law. Once the records search has been completed, you will be notified of the results.

Pursuant to FOIL, a fee of $.25 per page for photocopies not exceeding 9'x14' will be charged, unless you choose to have the records emailed to you.

Thank you in advance for your cooperation. If you have any questions or require further information, please do not hesitate to contact me at (716) 286-4391.

Sincerely,

Office of City Clerk
City of Niagara Falls, New York

November 11, 2024

Dear Records Custodian,

I am making a New York Freedom of Information Law, N.Y. Pub. Off. Law sec. 84 et seq. records request for service records for the Rainforest Cafe restaurant located at the following address:

- 300 3rd St, Niagara Falls, NY 14303

For the time period of 01/01/2018 through the date this request is fulfilled. Please note that this restaurant is located inside the Sheraton Niagara Falls. I am unaware if the call for service system would differentiate between calls related to the restaurant and the rest of the hotel -- if so, I am only interested in the call log for the restaurant. If not, please send the full call log for that address.

I am unsure if these records would be held by the Niagara Falls Police Department or another local police department, so would be grateful if you could direct this request to the proper fulfillment office. Your email address was what I found on the FOIL page for the city's website, and I did not see a method for electronic submission directly to the local police department.

I expect that these records are kept in a database, so I request they be returned to me in their original database/spreadsheet form, such as .csv or .xls files. I am not requesting the 911 call transcripts or audios at this time.

These records are sometimes also referred to as the CAD report, Call for Service log, Daily Dispatch Log, Police Blotter or 911 Call Log. I expect the database to include (but not be limited to) variables such as incident numbers, time of incident, location of incident, and type/nature of incident, and responding agency or similar categories.

It is my understanding, pursuant to a U.S. Court of Appeals for the Ninth Circuit decision, U.S. v. Garcia, No. 92-30384 (1993), that dispatch logs are public records, therefore disclosable.

I request that these records be delivered electronically on a rolling basis.

24-480

I request a waiver of all fees, as I am a member of the media requesting this information in the public interest. This information is not being sought for commercial purposes.

I do not anticipate any redactions, as I am requesting call log data. However, should there be any redactions/partial denials of records, please specify which exemption(s) is(are) claimed for each passage or whole document denied.

Similarly, I believe this will be a simple request to fulfill. But should it be more complex than I anticipate, I am happy to provide clarification or work with you on potential amendments so it may be fulfilled quickly, such as by narrowing the time frame. You can reach me at 646-689-3946 and adiel.kaplan@nbcuni.com.

Thank you in advance for your anticipated cooperation in this matter. I look forward to receiving your response to this request within five business days, as the statute requires.

Sincerely,

Adiel Kaplan
